Fuel Cost Adjustment - 2026/2027 School Year

To ensure reliable bus service despite amid fluctuating fuel prices, a fuel cost surcharge may apply for the 2026/2027 school year.

This adjustment is triggered only when the diesel prices rise and remain above a defined threshold, ensuring fairness and transparency for all families.

➤ How It Works

- The surcharge is based on the **average recorded diesel price** during the applicable observation period, using Caltex pump prices (after walk-in discount) as published by the Consumer Council - Oil Price Watch - Diesel Version - Auto-fuel Price Trend ([Reference: https://oil-price.consumer.org.hk/en/diesel/chart](https://oil-price.consumer.org.hk/en/diesel/chart)).
- The surcharge applies to two 5-month periods : September to January, and February to June. This applies to all round-trip and single-trip bus users.

➤ Notes to Parents

- **No surcharge if average diesel price stays below HK\$33/L** - (e.g. @HK\$32.99/L or lower), no adjustment or invoice will be issued.
- **Non-refundable except on cancellation** - The surcharge is non-refundable, unless service cancellation according to the policy set out in the Bus Information 2026/2027.
- **Pro-rata billing for new bus users** - New bus users will be charged on a monthly pro-rata basis during the bus fee period.

➤ Collection Schedule

- Additional invoice(s) may be issued on October 1, 2026 and February 1, 2027 respectively. The fee will be collected as follows:-
